### EXECUTIVE SUMMARY

---

Results-driven IT specialist with over 12 years of experience in banking IT, blending technical, analytical and project management expertise. Skilled in driving complex database development and migration projects with a focus on customer-centered, agile solutions.

### TECHNICAL SKILLS

---

- **Programming Languages:** PL/SQL, Java, PHP, JavaScript
- **Tools:** SQL Developer, Oracle APEX
- **Databases:** Oracle DB, MariaDB, MySQL
- **Methodologies:** Agile, Scrum, ITIL, PRINCE2

### CERTIFICATIONS

---

- **ITIL v3 Foundation**
- **PRINCE2 Foundation**

### EXPERIENCE

---

#### **Database Developer & Reporting Specialist**

*IDS GmbH*

04/2023 – 03/2024

- Worked on a major redesign of existing Oracle databases, resulting in improved performance and data integrity.
- Expanded and strengthened reporting functionality on the database side to comply with new regulatory requirements.

## **IT Project Manager, Oracle Database Migration**

*Deutsche Bank AG*

09/2021 – 03/2023

- Aligned resources across multiple time zones and managed several hundred successful database migrations, meeting project milestones and enhancing system and cost efficiency.
- Conducted comprehensive customer requirements analysis, ensuring solutions aligned with business goals and streamlined communication between stakeholders.
- Organized complex database migrations within a Scrum-driven project, facilitating seamless coordination between teams to reduce downtime.

## **Application Developer & Reporting Specialist**

*Postbank Systems AG, later Tata Consulting Services (TCS)*

10/2014 – 08/2021

- Specialized in Oracle APEX, Oracle DB, PHP and MariaDB-based application development, enabling secure and scalable solutions for internal use.
- Created reporting tools, utilizing data feeds from various sources to support data-driven decision-making across departments.
- Executed data migrations from MariaDB to Oracle DB, improving data consistency and reducing query processing times.

## **Business Analyst**

*Deutsche Bank AG*

01/2014 – 12/2017

- Conducted infrastructure cost analysis across IT environments, implementing strategies that reduced operating expenses.
- Developed algorithms for automated cost analysis, enabling rapid and proactive cost control.
- Created business cases and management-level reports that guided financial strategy and optimization efforts.
- Reviewed and optimized customer service requests, aligning deliverables with business needs and negotiated terms with service providers.

## **Application Developer & Reporting Specialist**

*Deutsche Bank AG*

03/2011 – 12/2017

- Developed and maintained a Java/MySQL application for internal reporting, using Google Web Toolkit (GWT).

- Ensured data quality and consistency by managing data feeds from multiple sources, enabling accurate cost and volume tracking.
- Conducted data migration projects (MySQL to MariaDB, later to Oracle DB), enhancing data security, integrity and performance.

### **Mobile Application Developer (Internship)**

*IT Frankfurt GmbH*

03/2010 – 06/2010

- Designed and developed a location-based Android app prototype for a Bachelor thesis within a Scrum project, gaining hands-on experience with Android tools and mobile UI/UX design.

### **Build Manager**

*Commerzbank AG*

03/2009 – 02/2010

- Managed build and deployment requests, providing support for error resolution and ensuring smooth operations of critical business software.

## **EDUCATION**

---

- **Bachelor of Computer Science**  
Frankfurt University of Applied Sciences, 2011

## **LANGUAGES**

---

- **German** – Native proficiency
- **English** – Full professional proficiency
- **Serbo-Croatian** – Fluent proficiency
